

राष्ट्रीय नगर कार्य संस्थान
National Institute of Urban Affairs

3 Days National Level Capacity Building Program on **SMART TRANSPORT & URBAN MOBILITY**

18 – 20 June 2021

organized by

Centre for Urban & Built Environment (CUBE)

South Asian Institute for Advanced Research and Development (SAIARD)

In association with

National Institute of Urban Affairs (NIUA),

Ministry of Housing and Urban Affairs, Govt. of India

The Theme

One major component of Smart Cities initiative is creating and developing an efficient urban mobility and public transport system that provides a variety of transport options. Towards this objective, recently government has approved several large projects within the ambit of the urban infrastructure development, especially in road transportation. Close to 90 projects in the roads and flyover development segment, around 10 in Mass Rapid Transport (MRT), some in intelligent traffic management and integrated multimodal transport have already been initiated. The envisaged smart transportation and smart infrastructure would further increase the economic activity in automotive sector in the next decade.

Broad Areas to be Covered

- Transportation in India: Current States & Challenges
- Smart Physical Infrastructure
- Urban Mobility
- Green Technology & Smart Automobiles
- Smart Transportation & Its Management
